PROFILE

A passionate and detail-oriented full-stack developer skilled in building dynamic and responsive web applications. Proficient in both front-end and back-end technologies, with a strong understanding of software development principles. Eager to apply academic knowledge and project experience to solve real-world problems and contribute to innovative development projects.

EDUCATION

- Siddharth Institute of Engineering and Technology** Puttur, Andhra Pradesh, India
Bachelor of Technology (B.Tech) in Computer Science; CGPA: 9.07 July 2022 - June 2025
- Government Polytechnic** Anantapur, Andhra Pradesh, India
Diploma; GPA: 9.3 2019 - 2022

SKILLS

- Languages:** Java, Python, HTML, CSS, JavaScript, Spring Boot.
- Tools:** Git, GitHub, VS Code, IntelliJ, Eclipse
- Databases:** My Sql.
- Soft Skills:** Leadership, Problem Solving, Event Management, Time Management.

EXPERIENCE

- Code Genious Innovation**
Full Stock java developer intern July 2024 - August 2024
 - Gained strong expertise in Java and OOP through hands-on internship experience, applying advanced concepts to design and implement efficient, scalable solutions.
 - problem-solving, debugging, and collaboration skills by contributing to team projects, meeting deadlines, and managing weekly assignments with strong time management and attention to detail.
- Aavanto-Lovern private limited**
Python Intern October 2023 - December 2023
 - and managed software projects during an internship, showcasing expertise in Python, automation, and software integration for user-centric solutions.
 - Designed and implemented an advanced Desktop Assistant, demonstrating strong problem-solving, programming skills, and effective team collaboration.

PROJECTS

- Desktop Assistant using Python Libraries:** (Work in progress) **Initiated** a voice-activated desktop assistant leveraging Python libraries, leading to a **30% reduction** in manual task completion time.. **Successfully integrated** with various applications to **streamline workflows** and enhance user efficiency. **Tech: Python, pyttsx3, SpeechRecognition**.
- Library Management System** : Developed a Library Management System using HTML, CSS, Java, JDBC, Servlets, JSP, and MySQL with features like book browsing, user registration, and login validation. Ensured secure access, efficient data storage, and seamless workflows for new and existing users.
- Online Food Delivery Application** : Developed an online food delivery platform with an intuitive UI using HTML, CSS, JavaScript, and AJAX, featuring live order tracking and real-time updates. Built a robust backend with Java, JSP, Servlets, and JDBC, ensuring dynamic functionality and secure database management for seamless order processing.

CERTIFICATES

- NPTEL Certified in Python (Silver Badge).**
- java full stock Certification issued by CGI.**

ACHIEVEMENTS

- Secured 1st Place in Coding Competition at CSET 2K24 Event.
- Secured a rank of 77 in ECET, showcasing strong analytical and problem-solving abilities.

INTERESTS

- Playing games and watching movies
- Tech blogging and open-source contributions
